

2017 Physics of Life Experience

An interdisciplinary summer workshop series for high school science teachers

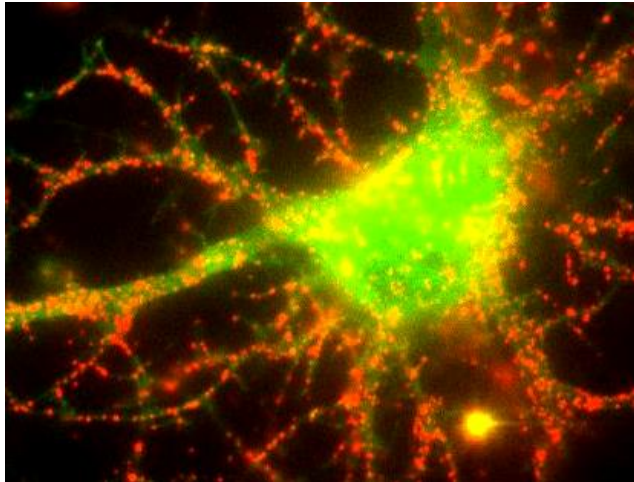

Workshop dates are June 14 – June 23 in the Loomis Laboratory of Physics and other labs on the UIUC campus. You will receive a \$1,500 stipend, CPDUs, mileage reimbursement, parking, & meals. **Come learn about the latest research in biophysics, spend some time tinkering in the lab, and brainstorm with your fellow teachers to develop lessons for your own classroom!**

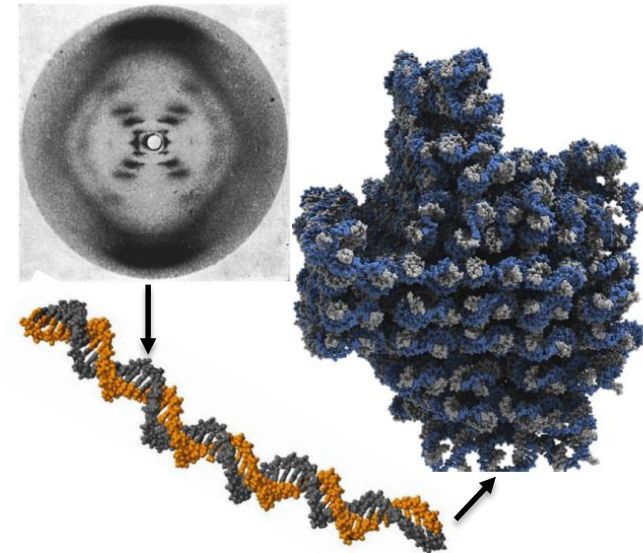

Use Microfluidic Devices to Observe Microbial Evolution!

Experience the New Frontier in Fluorescence Imaging!

Visualize DNA: From Diffraction to Origami!

**Please submit an application to Katie Molohon at molohon1@illinois.edu by March 20, 2017!
Visit cplc.illinois.edu for more information!**
